

ARMY AVIATION

THE OFFICIAL PUBLICATION OF THE ARMY AVIATION ASSOCIATION OF AMERICA, INC. (AAAA)

2026 Editorial Calendar – Concept Driven Transformation

(Note: Each issue will contain a lead article from an Army Aviation General Officer Steering Committee Member)

JANUARY (Bonus Dist. – Army Best Drone Warfighter Competition)

Unmanned Aircraft Systems Sensors & Weapons

- * ACM-UAS
- * PM-UAS
- * Special Operations UAS (TAPO/SIMO)
- * Drone lessons learned from current/recent conflicts
- * AI/Launched Effects

FEBRUARY

Aviation Maintenance on the Contested Battlefield

- * AMCOM CG
 - * Aviation & Missile Command, Command Group
 - * AMCOM Logistics Center
 - * Aviation Center Logistics Command
 - * 128th Avn. Bde., Warrant/Enlisted Avn. Maint. Tng.
- #### *Autonomy and Artificial Intelligence in Army Aviation*

MARCH (Pre-Annual Summit Issue)

AAAA Sponsored UAS Rodeo Competition Wrap-up Guard/Reserve Aviation

- * Army National Guard Aviation & Safety Division
- * U.S. Army Reserve Aviation Command
- * “From the Field” Operational Unit Articles

MEDEVAC Concepts & Capabilities in Large Scale Combat Operations (LSCO)

Safety

- * Combat Readiness Center

Fixed Wing

- * PM-Fixed Wing
- * PM-Sensors-Aerial Intelligence
- * Operational Support Airlift Activity/ARNG FW

Airspace Management in Manned/Unmanned Mix

- * Army Aeronautical Services Agency
- * Army Air Traffic Services Command
- * PdM-Assured Airspace Access Systems

APRIL/MAY (Bonus Dist. – Annual Summit)

Army Aviation Mission Solutions Summit

- * National/Functional Awardees/Hall of Fame Inductees

Concept Driven Transformation

- * Branch Chief, Branch CWO, Branch CSM
- * AMCOM Commander
- * Program Executive Officer–Aviation

AAAA Chapter Directory

2025 Photo Contest Winners

JUNE

Special Operations Aviation – Leading the Way in Continuous Transformation

- * U.S. Army Special Operations Aviation Command
- * 160th Special Operations Aviation Regiment (Abn.)

Arming the Force in Continuous Transformation

- * PEO Missiles & Space
- * PM-Tactical Aviation & Ground Munitions (TAGM)

Annual Summit Pictorial Recap

JULY

Training & Simulation – Enabling Concept Driven Transformation

- * Flight School Next

JULY (continued)

- * U.S. Army Aviation Center of Excellence (AVCOE)
- * Dir. of Evaluation & Standardization, * Dir. of Simulation, * Dir. of Training & Doctrine, * Combat Training Centers

- * Mission Command Training Program

- * Next Gen Command and Control (C2)

- * Aerial Gunnery

- * PEO Simulation, Training, and Instrumentation (STRI)

Aviation Survivability in the Manned/Unmanned Mix

- * PEO Intelligence, Electronic Warfare & Sensors

- * PM-Aircraft Survivability Equipment

- * Aviation Reprogramming Analysis Team

- * Electronic Warfare Air/Ground Survivability Division

- * Aviation Survivability Branch, AVCOE

- * Aviation Survivability Development and Tactics Team

Project Convergence 26

AUGUST/SEPTEMBER (Bonus Dist. – Cribbins Forum)

Special Report – Future Long Range Assault Aircraft

Blue Book Directory of All Aviation Commands & Activities

AAAA Scholarship Foundation/TLC Foundation

Winners

OCTOBER/NOVEMBER (Bonus Dist. – Cribbins Forum)

Accelerated Acquisition in Continuous Transformation

Rotary Wing Project Managers

- * PM-Apache

- * PM-Cargo

- * PM Future Long-Range Assault Aircraft (FLRAA)

- * PM-Utility

Army Capability Managers

- * ACM-Lift

- * ACM-Recon/Attack

- * ACM-UAS

Aviation Sustainment in LSCO

- * AMCOM

- * Corpus Christi Army Depot

Aviation Support Role in Concept Driven Transformation

- * PM-Avn. Mission Systems & Architecture

- * Mission Planning Platforms

Aviation Soldier Support in the Contested Battlefield

- * PEO Soldier

DECEMBER

Industry Support for Continuous Transformation

- * Articles by Large, Mid-size & Small Businesses

Industry Partners Directory

T2COM-Future Vertical Lift Cross-Functional Team

Research & Development / Science & Technology

- * Additive Manufacturing

- * Artificial Intelligence

- * Autonomy/Robotics

- * Combat Capabilities Development Cmd. (CCDC)

- Aviation & Missile Center / - C5ISR Center

- * Launched Effects

- * Lethal Effects in LSCO

- * PEO Rotary Wing

- * Technical Applications Project Office (TAPO)

“THIS IS YOUR ARMY” General Officer Invites

Intent is to add lead editorials at least every other issue from non-Aviation four-star generals such as AMC, FORSCOM, USAREUR, T2COM, etc., on a theme of “*Continuous Transformation*” to give more integrated and strategic perspective to our readers.

February – CG, Army Materiel Command

July – CG, U.S. Army Europe

March – Dir., Army National Guard

October/November – CG, Forces Command

April/May – Chief of Staff, Army

December – CG, Transformation & Training Command

June – CG, Army Special Operations Command

SPECIAL FOCUS TOPICS

Accelerated Acquisition Process
Additive Manufacturing
Aerial Gunnery
Aircraft Survivability
Air Traffic Services
Arming the Force
Army Aviation Leadership Annual Updates
Artificial Intelligence
Autonomy
Aviation Mission Survivability (AMSO)
Aviation Soldier Support
Aviation Medicine
Aviation Sustainment in the Future Contested Battlefield
Aviation Survivability Development and Tactics Team (ASDAT)
Avionics
Combat Capabilities Development Command Aviation & Missile Center
C5ISR Center
Degraded Visual Environment
Fixed Wing
Flight School Next
Future Vertical Lift (FVL)
Future Long-Range Assault Aircraft (FLRAA)
Gray Eagle Mobile Machine Interface (GEMMI)
Guard/Reserve Aviation
Industry Support and Challenges
Large Scale Combat Operations (LSCO)

Launched Effects
Lethal Effects
Logistical Support
Maintenance
Manning the Force
MEDEVAC
Manned-Unmanned Teaming, Next Gen
Mission Command Training Program
Mission Planning Systems
Modernization
Modular Open Systems Architecture (MOSA)
Multi-Domain Operations
Next Gen Command & Control (C2)
Product Support
Project Convergence 26
Protecting the Force
Research & Development
Rotary Wing Project Managers
Safety
Science & Technology
Simulation
Small Unmanned Aircraft Systems – Group 1 & 2
Special Operations Aviation
Systems Integration Management Office (SIMO)
Tactical Aviation & Ground Munitions
Technical Applications Project Office (TAPO)
Test & Evaluation
Training
Unmanned Aircraft Systems – Group 3 & 4
